You can additionally follow us on social media to remain updated with our latest offerings.

So what are you awaiting? Begin exploring Apa 2014 Sample Paper summaries today and discover your following great read!

### REVIEW OF APA 2014 SAMPLE PAPER

- If you liked the Redwall series by Brian Jacques, you're gonna love Warriors. That is, if you like cats who act like cats. Mice, rabbits, and birds have the same kind of presence that fish do in

Redwall: food. Matthias and Basil Stag Hare would not be in a good position here. The author, Erin Hunter, is actually not a person, but three people: Kate Cary (takes turn writing), Cherith Baldry (takes turn writing), and Victoria Holmes (comes up with ideas and monitors consistency). All live in the UK, and as quoted in the back of the book, are: ". . . inspired by a love of cats and a fascination with the ferocity of the natural world." Story overview:-----A young "kittypet"-or so called by the Clans-named Rusty, lives a pleasant and comfortable life among the "twoleggs." Though he spends many hours sitting on a fence looking into the forest, it wasn't until he became bold enough to go exploring that his life changed. While exploring, he was attacked by a cat named Graypaw. After fighting him off other cats from the ThunderClan approached him. They made him an offer: join their clan and give up his "kittypet" life forever, and he will live as free cat. After giving it some thought, he decided to join. Life became difficult for Rusty. He was given a new name: Firepaw, and a new home. He learns what it means to be a part of something, to work hard, to have real friends, and to eat like a real cat. Once things start to fall into place, life for him becomes even more complicated when one of the other clans decides to take over all the territories. Now the lessons really begin as ThunderClan fights back, and the lives of his clan depend upon him. My thoughts:-----The names thrown out at the beginning are enough to make one's head spin, but amazingly enough they are not that hard to follow. Hunter seems to have taken a Native American-ish approach to them: Bluestar, Lionheart, Tigerclaw, Spottedleaf, Ravenpaw, Speckletail, etc. As an author myself, there's a few areas where I would question the quality of the writing (adverb city, such as "Yellowfang replied dryly." and "Firepaw meowed urgently;" as well as overuse of

exclamation points and italics) but regardless of this, it flows pretty well. I would call this book a page turner and a must read for kids (and some adults too). James D. Maxon Author of Traphis: A Wizard's Tale

- I can never decide whether *Pride and Prejudice* or *Emma* is my favourite book by Jane Austen. *Emma* has all the Jane Austen hallmarks - wit, exuberance, and laugh out loud moments, coupled with realistic, well drawn characters and a real feeling of being in the Regency (which is hardly surprising, as that's when the book was written). *Emma* is a spoiled young woman who has everything she can possibly want in life: a doting father who lets her do as she pleases, friends, family and a beautiful home. She is understandably please with herself, and this leads to complications as she tries to sort out everyone else's life. She's meddling and interfering, and yet so well meaning she comes across as a likeable character rather than as a busybody. She takes up Harriet, a young woman of doubtful birth, and encourages her to set her sights on Mr Elton, the local vicar, as a future husband. Poor Harriet is completely bowled over by Emma, and is persuaded to like Mr Elton over the farmer's son she is really in love with. Emma is oblivious to the fact that Harriet and Mr Elton are completely unsuited, and that Harriet and her farmer are made for each other. Through a variety of hilarious scenes, Emma comes to realize she doesn't know as much as she thought, and learns that it's better to let other people manage their own lives. The minor characters are wonderful: Mrs Elton with her barouche landau (anyone who's read the book will know what I mean), sweet Miss Bates, and dreadful Mr Elton, who has designs on Emma. Eventually, Emma learns how to understand her own feelings, and leaves everyone else free to listen to theirs, which leads to a satisfying ending all round. Hugely enjoyable.
