REVIEW OF PETER TRUDGILL SOCIOLINGUISTICS AN INTRODUCTION TO LANGUAGE AND SOCIETY DOWNLOAD FREE

- Note: I made some Mormon reader angry over my reviews of books written by Mormons out to prove the Book of Mormon, and that person has been slamming my reviews. Your "helpful" votes are appreciated. Thanks. On Lost Horizon: You'll love this story of lost civilization, where people live hundreds of years. Hidden in the Mountains of the Blue Moon, the survivors of an airplane crash wonder into a charmed valley, where no one thinks of death. The hero falls in love with one of the women. I don't want to tell too much, but I do highly recommend this classic adventure first published in 1933. It has all the ambiance of that era, and as one Amazon reviewer said, it is the perfect book to curl up with on a slow day.

- As 'a reader' has pointed out, this book is comprised of wholly fallacious claims based on insane leaps of (il)logic. It is completely unscientific. Period. Get on the internet and do your own legwork to discover how food enzymes have not been proven to do anything for our digestion, and how the concept of a 'metabolic pool' of enzyme precursors is simply wrong. The burden of proof is on the theory proposed. As it is, there is none.
