Giggle Poetry Reading Lessons National Geographic

Amy Buswell and Bruce Lansky's Giggle Poetry Reading Lessons turns struggling readers into happy readers — For Grades 2-5. Many struggling readers are embarrassed to read aloud. They are often intimidated or bored by texts that conventional programs require them to practice. So, instead of catching up, they fall further behind. Currently 67% of American fourth graders can't read grade-level text. Reading specialist Amy Buswell has spent eight years looking for remediation methods that work. "What is needed," Buswell explains, "is a program that improves the motivation of struggling readers, because that accounts for 90% of the problem." Four years ago, Buswell came up with a brainstorm. She knew her best readers enjoyed reading Bruce Lansky's poetry books for pleasure. The more poems they read, the better the reading got. Why not use Lansky's kid-tested poems as texts struggling readers could practice on to improve their reading—using six research-based strategies: choral reading, echo reading, paired reading, repeated reading, sustained silent reading and "say it like the character" reading. — This book is the result of that brainstorm and the resulting collaboration between Buswell and Lansky. It gives teachers and parents everything they need to help children improve their reading: -35 kid-tested poems by Bruce Lansky -35 customized reading lessons by Amy Buswell -35 off-the-wall illustrations by Stephen Carpenter -35 sets of zany performance tips by Bruce Lansky ...all of which is designed to make the process of reading improvement more like fun than work. — What Amy Buswell and

Bruce Lansky have created is the most entertaining fluency intervention ever. That's why it is so successful at overcoming negative attitudes to improve reading skills and scores. Ninety-five percent of participating students made significant improvement in their fluency (reading rate). And average reading scores on the Florida Comprehensive Assessment Test (FCAT) for Buswell's school raised her school's rating to an A for the first time. In 2011, Buswell's school achieved one of the highest-percentage reading gains in the county. — There's no reason parents can't get in on the fun, too. Parents will enjoy Lansky's funny poems and Stephen Carpenter's delightful illustrations as much as their children. By reading the poems with their children and encouraging their children to try some of Lansky's entertaining performance tips (by adding gestures, sound effects, props and finding additional readers: be they friends, family or neighbors), they can dramatically speed up their child's reading progress (and have lots of fun in the process.)

New English File Oxford University Press

100% new. New Practical English video, featuring authentic interviews with real people. Shorter syllabus for Beginner-level students.

Level 2 Workbook Oxford University Press, USA

American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

American English File Oxford University Press, USA

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates

pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

REVIEW OF AMERICAN ENGLISH FILE STARTER ANSWER KEY

- "The Wizard of Oz", in my opinion, is the American Fairytale, and is far more better than any Brother Grimms or Aesop Fables! As stated, the book is better than the movie, and, the Oz Book series has reached over 200 sequels, by dozens of authors! The Wizard of Oz has a wonderful moral in it that is true for all of us. It is, and always will be, my favorite story.
- Having watched the movie on numerous occasions I thought that it would be pertinent to read it. I dare say, that this was a splendid and brilliant experience. L. Frank Baum has managed to create an astounding fantasy world that includes the tinman, the strawman and the lion all which are looking for attributes that they sorely lack in their lives. The discriptors used and the verbage are nothing short of amazing and I love every single page of this great and fascinating story. I highly recommend it.
