These proceedings of the 7th European Conference on Technology Enhanced Learning (EC-TEL 2010) exemplify the highly relevant and successful research being done in TEL. Because of this great work, this year's conference focused on "Sustaining TEL: From Innovation to Learning and Practice." The last decade has seen significant investment in terms of effort and resources (i.e., time, people, and money) in innovating education and training. The time has come to make the bold step from small-scale innovation research and development to large-scale and sustainable implementation and evaluation. It is time to show the world

(i.e., government, industry, and the general population) that our field has matured to the stage that sustainable learning and learning practices – both in schools and in industry – can be achieved based upon our work. The present day TEL community now faces new research questions related to large-scale deployment of technology enhanced learning, supporting individual learning environments through mashups and social software, new approaches in TEL certification, and so forth. Furthermore, new approaches are required for the design, implementation, and use of TEL to improve the understanding and communication of educational desires and the needs of all stakeholders, ranging from researchers, to learners, tutors, educational organizations, companies, the TEL industry, and policy makers. And the TEL community has taken up this challenge. As one can see in this volume, in its 7th year the conference was once more able to assemble the most prominent and relevant research results in the TEL area. The conference generated more than 150 submissions which demonstrate a very lively interest in the conference theme, thus significantly contributing to the conference's success. ## **REVIEW OF 12 4 PRACTICE PRENTICE HALL GOLD GEOMETRY**

- I discovered Catherine Spangler fairly recently from a listmania entry here at Amazon. And I'm so glad I did! I'm a very picky reader, especially of futuristic romance, my favorite genre. I bought both SHIELDER and SHADOWER and sat down to read them in order by release date. I do wish I'd known that though Spangler wrote SHADOWER after SHIELDER, chronologically SHADOWER comes first. Spangler has said that the characters of Sabin and Moriah were so popular that she decided to write their story. I finished SHIELDER and plunged immediately--it was that good!--into SHADOWER and was a bit confused at first but soon realized the chronological order and adjusted. Not a big problem, but I was surprised that I enjoyed SHADOWER even more than the first book! I was VERY satisfied with how Spangler handles the heroine's mistrust of men. Far too often, authors tell us that a heroine has been abused or raped in their past and then the heroine jumps into bed with the hero like she has absolutely no issues or emotional

baggage. I find that ridiculous. If an author is going to use sexual abuse as a plot device, I want a realistic reaction on the character's part. No whining; hate that! But Moriah's very believable inability to trust Sabin after the rotten way she's been treated all her life--especially in light of his Shadower profession--made perfect sense to me. As a woman, I can identify with her doubts, and I also adored Sabin's patience in dealing with her. There's nothing I love more than a tough alpha hero who can be sweet and tender with the woman he loves. The little community of women Moriah works to protect and provide for added another believable layer to the heroine's

subconscious dilemma of wanting to trust Sabin but not feeling that she could afford to. And the secondary characters of Lionia and Radd and their little romance were extremely funny. All in all, Spangler does a fantastic job in creating a complex, compelling love story with wonderful emotional depths. Sabin is a knockout hero, Moriah is spunky and strong, and the action is non-stop. And, lest I neglect to mention, the sexual tension is fabulous! A GREAT read!
