Bear in mind, checking out reviews can aid you make informed choices concerning what to read following and can subject you to new authors and styles you may not have actually considered previously.

## REVIEW OF EXCEL ADVANCED EXCEL VBA

- 'Resurrection Day' is an alternate history in the mold of Robert Harris' 'Fatherland.' What if the Cuban Missile Crisis had not ended, but became a nuclear war instead? DuBois paints a very harrowing picture of a military state in his post-war America. The story takes place in 1972, ten years after the Cuban War, and it centers on Carl Landry, an ex-army sergeant who is now a reporter for the Boston Globe. He has a strange encounter with another veteran who turns up dead a month later. Although his editor tells him to drop the story, Carl thinks something is amiss and continues to investigate. Intrigue ensues. The story gets a little convoluted at times, and is easy to predict at others; but overall it is fast paced and engrossing. If you enjoyed 'Fatherland' then you will probably enjoy 'Resurrection Day.' And if you have not read 'Fatherland' and you read and enjoy this book, give it a try.

- I feel like an architecture critic being asked to appraise a hole in the ground. 'Assassin of Gor' looks like a particularly lazy and sloppy attempt to write low-rent porn in a sci-fi context. Which is hardly surprising, since that's what it is. Assessing it as a story, I might say that Norman frequently repeats the exact same sentence five or ten times in a scene; or that whole chapters are wasted expounding trivial details, such as when a character takes 36 pages (!) to lock a door; or that we get not even the slightest attempt at humor or light-heartedness. Why bother? Everyone, including the fans, agrees that this book is tedious, predictable, repetitious, bloated, dull, and dreary. Norman's real purpose is to write as much as possible about women being murdered, raped, tortured, and humiliated. That is the sum and the totality of this book; Norman never keeps his mind out of the gutter for five pages. The utter absurdity of the sex scenes in this book speaks for itself. Others may take cheap shots at Norman and his readers; I won't. This book is hateful towards women. That's an exercise in stating the thuddingly obvious. Only slightly less obvious is that this book is hateful towards everyone and everything else. The driving philosophy here is nihilism. (Of course some will retreat to the oldest argument in the book: ignore the violent hatred and pornography, and just appreciate the book as an old-fashioned adventure yarn. I offer the oldest response in the book: why should I put up with this filth when I don't have to? Plenty of authors can tell good stories without adding pornographic garbage. Why settle for less?) Conclusion: "They mean death. When they say that mankind shall be free at last, they mean that mankind shall commit suicide. When they talk of a paradise without right or wrong, they mean the grave. They have but two objects, to destroy first humanity and then themselves." -G. K. Chesterton, 'The Man Who Was Thursday'
