REVIEW OF EXCEL ADVANCED EXCEL VBA

- The Giver was a decent book. Some parts were kind of cool. I liked the idea of sameness it was pretty creative. It wasn't close to as awesome as Michael Crichton or Steven Kings books but that is from a teenage boys point of view. I think girls might be more into this book than boys. But i give it a four for the creativeness.
- The Book the giver was a excellent book that was well written. The book had much to do with folklore and mythology. i would recomend this book to anyone who feels there are things out there unknown.
