So what are you waiting on? Start your Calculus Paul A Foerster Answers Gataxi downloading and install trip today and experience all the benefits and comfort that the digital globe of publications needs to supply!

REVIEW OF CALCULUS PAUL A FOERSTER ANSWERS GATAXI

- The Giver is a great book. In the community there is no war, no fear, no pain. There are no choices and no feelings. When you turn 12 in the community, you are assigned a special role. Each job is important to the community. When the time comes for Jonas to be assigned, he gets chosen to be the Receiver. The former receiver, now called the Giver, holds the memories of the true pain and pleasures of the community. The Giver now must give the memories to Jonas and then Jonas will become the Giver. I liked this book mainly because of its plot and description. Lois Lowry has a lot of talent in writing a descriptive book. I found one paragraph with so much description. Every sentence had at least two or three descriptive words. Read it. I guarantee you will enjoy it as much as I did!

- The ONLY reason I went ahead and read, THE GIVER, by Lois Lowry is because it was chosen for one of the book clubs I attend. Like many reviewers I've read Orwellian books; and more importantly, books which included a wide range of ideology of social, political, and religious philosophy written by famed scholars [Socrates, Aristotle, Plato, John Locke, Nietzsche, Karl Marx etc.,]. For this reason, it escapes me why anyone with a minimal education that included a few courses in classic philosophy/literature would bother with this book. From the first pages, I became IMMEDIATELY impatient with the book's premise and storyline. I found it irritating, impertinent, and ultimately irrelevant. Worse, despite claims to the book's creative 'originality' I found this to be an overstatement. Why was I frustrated, annoyed, and unnerved by Lowry's, THE GIVER??? Probably because the notion of a perfect society - by its very definition is flawed, and thus futile. Conversely, I absolutely do give credit to Lowry for her efforts [and courage] to tackle an 'absolute' theory such as perfection and/or utopianism into a story which attempts to expound 'ideal' concepts such as societal equality, justice, and absence of suffering. This is a high goal for any writer. Yet, for me this seemed rather presumptuous - and a somewhat naive and unnerving premise. For example, from the onset, the dialogue which Jonas has with his family group when they gather at the table to express their 'feelings' about events of their day, I knew immediately the futility of the task facing Jonas when he expressed his fears about becoming a 'twelve' - not yet aware that he would assume the role as 'The Giver'. Consequently, for me, it was a 'no-brainer' that Lowry's ending fell off the cliff. How could she possibly postulate [literally or figuratively] a credible scenario wherein Jonas' society could thrive harmoniously and in unison within 'utopian perfection'. [Oxymoron.] Finally, ideologically, I simply did not like the book primarily because implicit in the concept [definition] of utopianism is the ideal of a 'perfect' society or world order. To this end, Lowry fails clumsily in her attempt to construct a storyline which ULTIMATELY brings forth a social-cultural utopia where all the

various factors come together in 'perfect' unity and harmony to contrast with a society absent of order and in chaos. Post Script 8/19/12: Because of all the positive reviews, I researched the author and learned that Lowry is the author of children's books, and that 'The Giver' was intended for

younger readers. For this reason, I better understand Lowry's intent. However, I think 'Lord of The Flies', and 'Animal Farm' were better. Maizie Lucille James July 19, 2012
