## REVIEW OF COMPLETE BOOK OF MAGIC AND WITCHCRAFT

- This book is amazing. I will be making baking for years before I have to repeat a recipe!
- I bought this book as a gift for my youngest daughter who is just starting to enjoy fresh bread from a bread machine. On her

days off she prefers to do everything from scratch the hard way. On the days when she is working, her family can enjoy a variety of fresh homemade breads which they love, with very little effort on her part. She used to use frozen doughs, but machine

methods are more cost effective and varied in breads. The best thing about these bread recipes are that they work either with the machine or by hand kneading. This book has even inspired my teenaged granddaughter to give bread making a try.
