## **REVIEW OF MICROBIAL BIOCHEMISTRY 1ST EDITION**

- First read this book decades ago and picked it up again after seeing the first of Peter Jackson's three Hobbit movies to see how accurately he held to the story. I enjoyed reading it on my Kindle this time around. My conclusion is that Tolkien was a master at telling these tales, and Jackson is great at making them into movies.

- I have noticed that the people who have given this book a bad name have either had the book forced upon them by a teacher or just simply tried to be smart-asses. Like them, I guess you could say I too had the book 'forced' upon me by a teacher, but unlike them I thought that it was a god damn MASTERPIECE. I cannot believe how cold some people can be. It makes the rest of us, who have worshipped this book, feel really down to see people sink to such depths. I hope they realize that The Hobbit was written by one of the greatest writers of our time. It is a book that will be remembered for generations to come and all the people who spat on J.R.R Tolkiens work will be long forgotten. To anyone who is reading this message, pay no attention to those kind of people. Do not let them make you think differently about The Hobbit. Thank you for your time.
