#### REVIEW OF DISCRETE TIME SIGNAL PROCESSING OPPENHEIM 2ND EDITION SOLUTION

- DELIGHTFUL TO READ A NORA ROBERTS' THAT NOT FULL OF REPETITION AND SAME-OLD, SAME-OLD. STORY WAS WORTH READING AND REREADING SOMETIME IN THE FUTURE. CAN'T SAY THAT ABOUT MANY BOOKS. SHE PAINTED AN ENJOYABLE PICTURE OF THE RACING WORLD AND FAMILY TIES. THE VILLIAN IS OBVIOUS, BUT DOESN'T TAKE AWAY FROM THE STORY AND THE CHARACTERS ARE WELL-DEVELOPED AND VERY LIKABLE.

- I am an American and this book as open my eyes. I grew up in church believing that Israel was the chosen land for God chosen people. I started to open my and see the true nature if Israel several years ago before this book when I had to write a research paper in College. This book really put things into better perspective for me. I was already at odds with my parents, church, and pastor over Israel. It still upsets me when I see Jews manipulation bible scripture and using the Christian faith to raise funds on Sunday morning TV. They don't believe in Jesus Christ, but yet they talk on TV like evangelical Christians and use our faith for their own fulfillment. It is time that we Americans and Christians open our eyes and see we have been manipulated for years. APIAC has too much control over our government. Can you tell me another lobbyist group in America whose sole purpose is to get our Tax dollars to support another country? Read this book.
