**REVIEW OF AL MATURIDI THE DEVELOPMENT OF SUNNI THEOLOGY PDF**

- The Nursing Mother's Companion is an easy-to-use manual on breastfeeding. It has good chapters on positioning and solving some common breastfeeding problems. HOWEVER, the author seems to hold the commonly held belief that because breastfeeding

is "natural" it will work for everybody. She does not provide information on how to diagnose and treat the problem if breastfeeding isn't going well. I have a low milk supply, a somewhat common problem which this author doesn't seem to recognize the existence of. Furthermore, my low milk supply probably could have been avoided if I had had Dr. Mom's Guide to

Breastfeeding in my first few weeks, instead of this book.

- I love the books by Paul and Sarah Edwards. They were talking about small, home based businesses before anyone else and their books are thorough to say the least. This one covers everything from the legal to the financial aspects about starting and running a small home-based business.
