### **REVIEW OF CHINESE ACUPUNCTURE AND MOXIBUSTION CHENG KINNONG**

- While writing my book, A Journey Into The Mind of a Black Woman, A Journey Into The Mind of a Black Woman: In Search Of Black Men Who Live With Purpose I read this 2-volume biography of one of the greatest minds from Black America. Not only was his accomplishments impressive, as to be expected; Lewis gives us a 3-D picture of who Du Bois really was as a person: he was passionate, engaging and brave. The battles that he had with Booker T. Washington and then Marcus Garvey were mainly philosophical, but what could have happened if these three men could have worked together. This book is a great read and is highly recommended for serious readers.

- They are so romantic, the way they always bring their women first. Oh and do they know how to make you feel like your the one in the story.
