REVIEW OF DEMON CONTROL WARLOCK DECK LIST KOBOLDS AND

- While this book may be criticized for being too general and not always offering direct recipes and numeric examples, I think this is one of its strengths. Killelea discusses lots of topics and his explanations of the different layers and specific components that contribute to overall performance is a breath of fresh air. He (and Linda) have an elegant, engaging style that makes this book a pleasure to read. It is not as much a reference book on tuning the web, as it is a great explanation of how things work, how they interact, how they affect performance, and what to do to improve that performance. Great!

- This book is a brilliant account of the fascinating relationship between two of the most brilliant minds in American history. It is a highly enjoyable read, and a welcome companion to the "The Adams-Jefferson Letters."
