all the benefits and benefit that the electronic globe of publications has to supply!

## REVIEW OF REINVENTING ORGANIZATIONS AN ILLUSTRATED INVITATION TO JOIN THE CONVERSATION ON NEXT STAGE ORGANIZATIONS

- Augusta Oglethorpe is stranded with her widowed sister, Clarissa's three small children just before Christmas. She invades the hunting box of Richard the Marquess of Ardath, who she knows had been pursuing Clarissa. He indeed had been, with certain intentions that included marriage. Alas, for both parties, she is not there nor in fact anywhere to be found. The weeks until Christmas that ensue prove to be both eventful and eye-opening for Augusta the bluestocking and Richard the rake. Poor Augusta's bemused invasion by the children was well done, (deserted by both her cat and her personal maid!). Well of course the pair fall very easily in love with the children as well as each other. In fact Richard rather over does the fond 'father' and practically lives in the quartet's pockets. This was a charming story, with both hero and heroine nicely drawn (if a little lightly). The three children are not horribly good or bad, convincingly childish without being twee. My only complaint in this regard, was that both the adults were far too lenient with the little creatures, apparently being unable to resist melting looks and beseeching big eyes. This and also the very strange fact of just why Richard would want to marry a widow with three very young children kept the story from the five stars. Huntington gives the standard

explanation of Richard thinking Clarissa as good a match as any and that he lusted after her - but the children really stretched this piece of conventionality. A light, charming, entertaining confection in keeping with the Christmas setting.

- I did like this book and thought about giving 4 stars. I didn't because I am a gorehound. I expected hardcore Zombie violence, but there was none to be found. If you are looking for splatterpunk, this is not for you. I say this because I have read and watched very graphically violent books and movies about

Zombies. I enjoy the over-the-top gore that is usually associated with Zombies. "Autumn" is a good book even without the gore I love so much. The book is well written and character driven. The pace gets slow at times, but the apocalyptic mood is always there. There are some exciting moments and some fast paced action, and the Zombies are scary. Even I was creeped out by the Walking Dead in this book. You should understand this is the first book in a series of 5 so far. I have already read the next book in the series "Autumn: The City". The story continues and expands in the second book.
