REVIEW OF EVOLUTION BY BERGSTROM AND DUGATKIN PDF FILE

- This is my first exposure to this book so I'm left wondering if all the printings are the same. While the content is overall okay, the printing of this book is awful. The most terrible, and ironic, problem is there are typos everywhere including the back cover. Buy a different printing, maybe you'll have better luck. Sure wish I'd saved my return slip.
- This book was brought to my attention by Felicia Day in her YouTube show, The Flog. I am a great admirer of Ms. Day as a major DIYer and creative force. She

inspires me and makes me laugh whenever I watch one of her videos or her work in the last season of "Buffy the Vampire Slayer" and "Dr. Horrible's Sing-a-long Blog." So when she mentioned this as her one of her Fave Fives a number of episodes ago, I decided to check it out. I originally got the audio version (abridged, ugh) from the library. It was not what I expected--it was much more. I have a number of writing books but none has downright inspired me to my core. Ms. Ueland teaches the belief that I teach in my memoir writing classes--everyone has a story to tell. Everyone is fascinating. But to this she adds that you need

to be truthful and approach things with passion. I think this is the perfect book for the creative person (or frustrated person who doesn't think he or she is creative) who is blocked. And it isn't just for writers. It's for all artists and creative thinkers. One person on here said it should be titled "If You Want to Live," and I completely agree. Perhaps not all people will appreciate this book. It's not an instruction manual, nor does it have exercises or assignments. It just speaks to your soul. And sometimes that's more important. I highly recommend it to anyone in need of being picked up and those who need a boost to the soul.
