## **REVIEW OF CIVIC LITERACY HOW INFORMED CITIZENS MAKE DEMOCRACY WORK CIVIL SOCIETY HISTORICAL AND CONTEMPORARY PERSPECTIVES**

- In 1960 John Steinbeck decided to acquaint himself with America after being away because, in his own words, "I've lost the flavor and taste and sound

of it. I'm going to learn about my own country." So he set out on a 3+ month journey with his dog to do just that. Along the way, he met people and made conversation, observed the state of the country, and let his mind wander as he made his journey. Then he returned to his mobile cabin at night and recorded the day's events. These journal entries became "Travels with Charley." Overall, Steinbeck seems to paint a pretty picture. While driving through New England in the fall, he is taken with the brilliant foliage on display. He is much impressed with Wisconsin, and says about Montana, "I am in love. For other states I have admiration, respect, recognition, even some affection, but with Montana it is love." Later, Steinbeck also speaks glowingly of the California

Redwoods. Steinbeck also has nice things to say about the American people - sometimes. He notes that midwesterners are openly friendly, and again praises Montana, for its inhabitants "had time...to undertake the passing art of neighborliness." However, interspersed throughout his journey, Steinbeck encounters many things which are not so delightful. In fact, some were quite upsetting. He talks of waste - "American cities are like badger holes, ringed with trash" - and of miserable people - "(some people) can drain off energy and joy, can suck pleasure dry and get no sustenance from it. (They) spread a grayness in the air about them." (This was his opinion of a waitress Steinbeck had just met in Maine.) And the waitress wasn't the only one. Along his journey, he met many

close-minded, opinionated, bigoted and racist Americans, and it made for depressing reading. I don't think Steinbeck was quite prepared for it. I believe he had an idealized vision of a great trip, but in reality, it wasn't, and it took a lot out of him. By the end Steinbeck was burned out and wanted nothing more than to get back home. After California he went straight through to Texas, and then to New Orleans, where he encountered racism at its worst. That seemed to be the last straw for him. After that, he blew off the rest of the southeast US and went back to New York. He had had enough. Jay Parini, who wrote the introduction, notes this ominous feeling. He states that the book is filled with "whimsical vignettes, charm, etc., but beneath its surface

there is a sense of disenchantment that turns to anger." He goes on to say that Steinbeck "is never quite able to bring himself to say that he was often disgusted by what he saw." But there's no question that he was. Still, this was a very good book. And it's not demoralizing from start to finish. There are many humorous adventures as well - his discussions with border guards near Canada being the most memorable. But one can't help but feel that Steinbeck was sorry he'd gone. He had a preconceived notion of what America was, and when it didn't meet his expectations, he was crushed. "Travels with Charley" brilliantly captures what Steinbeck reluctantly learned - that you can't go home again. Four stars.

- Thomas's book is very compelling and

very well written. I have read several dozens of wonderful Real Estate Investing books. By far, I enjoy this book more than any other book because it is very specific. It truly is a guide for becoming a wealthy Real Estate Investor. In his book, Thomas delivers details for establishing a proven strategy. I am able to read his book and

act on its contents simultaneously. It is not simply a generic book that leaves you in wonderland; it really teaches you the nuts and bolts of investing in pre-foreclosure properties. I have found great success in reading this book and I am scheduled to close on multiple deals over the next several months. Awesome Book by Thomas J. Lucier.
