Del Ego Al Ser 9

REVIEW OF DEL EGO AL SER 9 CLAVES HACIA LA FELICIDAD SPANISH EDITION

- My marriage was in despair and I bought this book, read it through with my wife, and worked hard, and now we're doing much better. The book did not provide a magic solution to our wedded woes; but it did do everything it said it would and now my wife and I are looking forward to many happy years together. Thank you Dr. Kotin!

- Orr's book is a fantastic illustration of the current state of the world in terms of the relationship between technology, ecology, design and economy from a theoretical-philosophical perspective. He does not brush anything "under the carpet" and provides a very broad and deep understanding of our incompetence as a society saturated with consumption to deal with the consequences of our modern way of life. The best thing about this book, in comparison with other books in the subject, is first of all that it provides a highly engaging read, and second of all that it offers a very clear solution to our social and environmental problems - to live within and according to nature's limits. Orr's argument is convincing, not only because it is supported by many beautiful references, but mainly because it provides a very practical and honest pathway to the future.
