REVIEW OF FACE2FACE INTERMEDIATE WORKBOOK

- If your curiosity on the matter is light and superficial, this book will do just fine. You'll find general and easy to

understand explanations for a variety of topics in astrology along with an astrological "cookbook" for a quick chart analysis. The book comes short on the topic of sign compatibility rendering it too simplistically for any real use, though. I also feel that the book is too trivial at times, harming astrology's already battered image; but this is more a personal opinion than a fact. If your interest runs a bit deeper and/or are looking for a professional introduction, there are more serious and in-depth books out there.

- This book has a nice variety of games and lessons suitable for young actors. It offers variations to games and lessons to dovetail with your own program. It has some fantastic insights for the teacher too and is an effective book to pull out

when your program needs a little twinkle or to a beginning teacher who needs a basis on which to build his or her program.
