The Many Lives of America's Hippest Street is a nonfiction book by Ada Calhoun about the history of St. Mark's Place, a three-block stretch of East Village, Manhattan. Calhoun, who grew up on the street, shows how disillusioned bohemians of every era have declared "St. Marks Is Dead" when their era on the street passed. The book was released on November 2, 2015, by W. W. Norton & Company. It was named by many publications one of the best books of 2015. St. Marks Is Dead - Wikipedia. St. Marks Place in New York City has spawned countless artistic and political movements. Here Frank O'Hara caroused, Emma Goldman plotted and the Velvet Underground wailed. Ada Calhoun tells the "Fascinating" (Village Voice) many-layered history of the

street-from its beginnings as a pear orchard to today's hipster playground-organised around the pivotal moments when critics declared "St. Marks is dead". REVIEW OF ST MARKS IS DEAD THE MANY LIVES OF AMERICAS HIPPEST STREET

- I picked this book up at the thrift store and loved it. It really gives honest and charming insight into the boyhood of President Carter. I was pleasantly surprised. A loving and strict up-bringing with a tremendous amount of physical freedom - ideal for a young boy. Also a

fairly detailed picture of life of the farm, all of the ups and downs, certainly not a bed of roses. Highly recommend.

- "Garden of Shadows", the prequel to "Flowers in the Attic", goes back to uncharted territory and succeeds in giving a new twist to the Dollangager saga."Garden" is the story of Olivia (the Grandmother) - a few pages about her upbringing by her loving father, before we are taken right into her "arranged" marriage to Malcolm Foxworth, a good looking young man whom she feels love for, but that quickly turns on her wedding night when she is raped. Olivia comes to find out what a horrible, cruel and manipulative man her husband is - he married her specifically because she wasn't pretty and attractive, a woman as opposite from his own mother as

imaginable. Olivia quickly supplies Malcolm with the heirs he requires and her life becomes a sad day after day of a loveless marriage. She is only spared by the arrival of her cousin, John Amos Jackson, who begins preaching religion to her, giving her a new place to turn. And such would her life have been, had Malcolm's father Garland not arrived with his new teenaged bride, Alicia. Without giving away too much of the story, or the spectacular twist that is revealed, I found "Garden" to be an

absolute engrossing read. I even found sympathy with Olivia, despite her future actions in "Flowers" -- her coldness and seeming indifference is somewhat explained in "Garden". The character of Malcolm is shown in an even clearer light as manipulative, depraved and suffering from severely dysfunctional mother love/adulation/hatred. Prequels often tend to fail, but "Garden" succeeds in being a fascinating story and giving a new twist on the old familiar Dollanganger saga.
