REVIEW OF CASE STUDY PROCEDURE BIM PLANNING

- Robert Louis Stevenson's *Treasure Island* sets the standard for books about pirates: buried treasure, intrigue and mutiny, even the ditty "fifteen men on a dead man's chest" all originate here. The book, simply, is a FUN read. The story is told by Jim Hawkins, a young man who accidentally finds himself in the possession of a map to a pirate's buried treasure. Embarking with a crew of familial friends (and a motley crew), Hawkins soon finds himself in the adventure of a lifetime: battling pirates, stealing a ship, and hunting buried treasure. The "sea slang" one would expect in a pirate story can be found in abundance, with plenty of swashbuckling to go around. *Treasure Island* is certainly readable for younger audiences, the story is exciting for anyone. Recommended.

- I read this year's ago and loved it then. I enjoyed reading it again, wonderful book! This was the first book I read on my kindle, awesome!
