REVIEW OF COMMUNITY PUBLIC HEALTH NUTRITION BASED DIETETIC INTERNSHIPS

- This book is the closest thing I have ever read in resembling a photograph. Steinbeck paints a crisp picture of this community while causing you to experience every emotion available. Truly one of his best.

- I don't know what to say but.... this is an extremely well written book. Steinbeck was obviously born with great character developing skills many people can only hope for (I myself happen to be one of those people). The story basically takes you through a few adventures in the lives of the grocery store owners, bums, whores, and biologist of a small town near the coast in California called Cannery Row (who would of guessed?). What makes this book any different from all the stories of bums and whores you ask? :) Well... I think that it is the fact that no matter how hard any of characters lives are, they cheerfully live them, and most importantly don't feel sorry for themselves. One of my favorite of Stienbecks thought provoking passages came from a scene near the end of the book:"Look at them. There are your true philosophers...I think they survive in this particular world a lot better..."I cant say I can really relate to the characters in the book, but I certain felt like I knew each and every one of them. Not to be cliché-ish, but I'd say it's a "feel good" book. Even though these characters have it pretty rough, they live and love life. I would recommend "Cannery Row" to anyone (and not just for a book report book). Hey, and you'll kill two birds with one stone-you'll get to learn the secret of catching thousands of frogs in a single night and enjoy some of Stienbecks great literature all in about 250 pages!
