## REVIEW OF KWART VOOR SEWE LELIE

- I've been reading the Dark-Hunter series from the beginning and while I loved both Fantasy Lover and Night Pleasures, the last three full length stories were not as good. This book redeemed the series IMO. First, we are back in New Orleans, which was missing from the last two stories, and we get to see some of the better reoccurring characters at length. Nick, Kyrian, Tabby, Julian, Amanda and Grace as well as Ash and the demon with ADHD, Simi, all had a roll in this book. We also get a snippet of Valirius not being a total stiff and his squire is a riot! But the relationship between Bride and Vane was what made the story sing. Bride is about as average and unassuming as possible, while Vane is dark and tormented (like so many of the other heroes.) He cherishes her for the softness she brings into his life, while she gains confidence in herself by having a man love her unconditionally. There was a great balance between the ordinary and extraordinary happenings in this book and the characters are smart, witty and highly entertaining. Overall, a great read!

- I read a few pages of SK's work in an anthology and had a lukewarm response so I made sure I looked at the best and worst reviews along with the excerpts featured here before I purchased. The book seemed to have the right elements in place: 1. Bride: an emotionally bruised, "regular" heroine who's got a reason to be down on love. 2. Vane: mysterious, handsome hero who's attracted to the heroine and goes after what he wants. 3. Danger. Somehow these ingredients didn't come together to make a great whole. The attraction didn't have a foundation or I should say it had a weak one, in my opinion. Vane saw Bride when he was in wolf form at a street market and months later he sees her in her boutique. Okay. But I wanted to see/feel what drew him to her. Was there an emotional intrigue? An instinctual attraction that kicked in that couldn't be denied? Maybe the author did intend this, but it didn't come off that way and it didn't build enough to make me believe in the first physical encounter. (I'm no prude). Like if the author had shown that Bride's kindness and gentle way had made a deep impression the first time, I would've bought into Vane's perspective because he hasn't had that in his life. It seemed like all Vane had to do was give Bride a few compliments and that was enough for her to sleep with a stranger. I didn't buy it. There wasn't enough heat generated in the scene or emotional connection where I believed Bride would through caution to the wind or get caught up in the moment. The setup didn't seem to lead to something inevitable, which the author wanted us to believe. I'm sure she wrote it that way, but that's not how I experienced

it. Bride's ex was made into a cartoon character. I know he's supposed to be an ex for a reason, but the way he was written you had to wonder if Bride had had a lobotomy or if her self-esteem was beneath Lake Pontchartrain. Vane's alpha status was told more than shown. He seemed to be reacting a lot to the various problems, several of which he knew were coming, than taking more control. But that wasn't my big gripe. A major obstacle for me was his complete ignorance of human social norms and dating customs. I could understand it being foreign to him and him needing to familiarize with the differences in dating a human, but he seemed to have just landed from a different planet! Would a \*true\* alpha male who's 400 years old and has cell phone, a banker on speed dial and a standing reservation at Brennan's not pick up on some human customs along the way? In 400 years? C'mon! Wouldn't a true alpha want to observe how humans interact so he could

operate within the human dimension whenever he needed to? Just for survival's sake? If SK had given me a reason for his ignorance, I would have been willing to suspend my disbelief. It seemed like Bride needed a hot guy to validate her as being good enough instead of truly unraveling what her strengths were along with her flaws. This is the same kind of snobbery where a less attractive person is cast aside, only it's in reverse. The romance didn't seem to have much foundation beyond the fated mate scenario that's prevalent in many paranormals. I don't mind it, but don't hang the romance on it. Show us what makes a hero or heroine endearing and loveable to their partner. How do the characters challenge and comfort each other? I think Kresley Cole does a better job of this with little moments building on each other. I struggled to get through this book and by the time I reached page 300, names like Fury and Fang and the zig zagging to other characters sucked what little pleasure left out of reading this book.
