At thirty-seven, Christine Moore had a world-class case of burnout: frustrating

career, a few dead-end romances, and a less-than-perfect figure. Little did she know her life was about to change completely.... "Come out of the shadows, Christine. You've spent far too much time hiding in shadows." The man who spoke to her was gorgeous -- long sable hair, faded T-shirt, black motorcycle jacket -- all astride a 1340cc Harley-Davidson, mysteriously parked on a moonlit beach near her home. Christine was inexplicably drawn to this stranger -- who seemed to know everything about her -- and as a sweet serenity settled over her, she surrendered to his words: "We have a lot of work to do, but it won't feel like work. It will feel quite wonderful." So begins Christine's journey, a voyage of the spirit that frees her to appreciate each precious moment of life -- and reveals to her six wondrous precepts that lead to the deepest peace and fulfillment we can ever know. For every woman whose heart has ever been broken, but who believes in her soul that real happiness can be found, God On A Harley has arrived. Need a lift?

The Book of Squares by Fibonacci is a gem in the mathematical literature and one of the most important mathematical treatises written in the Middle Ages. It is a collection of theorems on indeterminate analysis and equations of second degree which yield, among other results, a solution to a problem proposed by Master John of Palermo to Leonardo at the Court of Frederick II. The book was dedicated and presented to the Emperor at Pisa in 1225. Dating back to the 13th century the book exhibits the early and continued fascination of men with our number system and the relationship among numbers with special properties such as prime numbers, squares, and odd numbers. REVIEW OF KWART VOOR SEWE LELIE

- Please, oh please, oh please, young postmodern writers of today, stop using gimmicks! Just write! Amy Fusselman shows here that she has an ability to be touching and thoughtful, but apparently she doesn't feel that's enough. It's not that I object to references to the everyday, but the goldfish, the AC/DC, the calling up the ultrasound company schtick, it just seems so tired and overdone. Douglas Coupland was cloying even back with Generation X, and here

it's the same thing more than a decade later. McSweeney-type writers seem so nervous about sounding earnest that they thwart their own voices, which might otherwise be strong and affecting. It's like second-rate Don DeLillo. Please, oh please, oh please, just write good stories with strong characters who navigate contemporary society without having to make a Seinfeld-like quip about everything.

- This book seems to cover a good amount of end time prophecy from beginning to end, some already come to pass and more to come future tense, I look forward to completing this study guide and enriching my knowledge of end time prophecy.
