REVIEW OF BUDDHIST YOGA STILTIJ

- I grew up reading this book and the others. My paperback finally fell apart and I am trying to get them all in hard back. I have read a LOT of books and even after all the years, this is still one of my favorites. You can connect with this story in so many ways which says so much about the author's writing capabilities considering the time this story is set in. There are so many instances in these novels where you read something and just have to sit back and go "wow", and sometimes read it again. The author has such a way about explaining some of the things that we just take for granted in a way that will captivate you and leave you hungry for more!

- This was a great book. Although the story takes place about 35,000 years ago you can see lots of parallels to events in our lives today. As well as enjoying the story and learning about primitive

times you will also be thinking about how this can relate to today... Although the book is about 500 pages and small print its an easy read..
