REVIEW OF REPAIR MANUAL HONDA ODYSSEY

- It is a simple and easy book of understanding, of the way that the students, in his course beginning, need to understand the Chinese medicine. But for a professional acupuncturist he also has his usefulness, because that the part 3 on treatment serves more commonly as a fast guide of treatment for the diseases found. It serves as a book of incomes. In spite of knowing that the Chinese medicine seeks the treatment of the patient and not of the disease in itself, trying to balance the patient, nevertheless, as a first treatment this book aids the professional to give the first steps. I recommend a lot of this book to students of veterinary Chinese medicine and the acupuncturists that are in the beginning of his professional life as acupuncturist.

- About a month ago, my backpack, containing my copy of "The Fires of Heaven" was stolen, leaving me with a broken set. I went online to Amazon and found the book I needed for a good price. It arrived today, Sept 18, in excellent condition and rounds out my set of Wheel of Time. I give Powell's Books of Portland, Oregon a five star rating for prompt, courteous service to someone they've never seen. Thank you, Powell's Books for the book I needed.
