REVIEW OF CASE INTERVIEW BAIN COMPANY

- This book comes Highly recommended. It gives an historical overview that most books miss. Words from the common person, struggling to survive and thrive are inspiring .

- Obsessive Genius is an utterly fascinating portrait of a hallowed and difficult subject. If you are a fan of Goldsmith's work, (I am) you will immediately see that she is the perfect person to give Curie the complexity and dimension she deserves --as a scientist and as a woman. It's a short book which is by turns moving, informative, and intriguingly unexpected. I couldn't put it down.
