REVIEW OF KINDLE READING USER GUIDE

- Well, I must say that the first part of the book is quite interesting and the characters too. But after a time, the book tends to be bogus and not too interesting. The ending is quite good, maybe the best thing of the book. Overall, if you're looking

for an action packed book like the first one in the series. Don't read this. If you're going to read the whole series, then read this one. It's a must if you want to understand the rest of the story.

- I am an avid science fiction reader, and this book tops every others. I am now reading all the others in this series
