Thanks for selecting our platform for your PDF downloads. We eagerly anticipate supplying you with outstanding solution and diverse choices for many years ahead.

REVIEW OF PRACTICAL MANUAL ALAGAPPAN

- This is a beautifully written book about the life of Jane Eyre, a poor but spirited girl, and her transformation from an impudent young girl to an accomplished lady. My favorite part of this book was the beautifully written (and gradually developed) romance between Jane and Mr. Rochester. Mr. Rochester, a sardonic, bitter man, accepts Jane as governess to his ward; from there their feelings begin to develop for each other. Mr. Rochester is not the conventional hero (one might even imagine him to be an ugly man), which makes the tale more believable (and thankfully steers it away from bodice-ripping romantic territory). All in all,

this is a great book with the usual plot twists, reversals, and character revelations one would expect from its genre.

- I read this book in junior high school and, like so many other girls, fell head over heels in love with Mr. Rochester; after all this time, the book is still a terrific read. The first part is classic Cinderella with an interesting twist. Jane is an orphan who is abused and mistreated by her rich and evil stepmother and her nasty cousins; unlike Cinderella, Jane stands up age age 10 and fights back. She is promptly shunted off to a school for girls from poor families, where she spends the next eight years. Needing a change of scene and environment, she answers an advertisement for a governess and enters the household of Mr. Rochester. Rochester, however, is no Prince Charming; he's 17 or 18 years older than Jane, hard, bitter, cynical, selfish, and, unknown to all but a few, encumbered with a wife who is the prototype of the "mad wife in the attic". Rochester is a romantic at heart, however; he is captivated by Jane's innocence and simplicity. Many years' distance from junior high school has led me to re-think the entire creation of Mr. Rochester. When all is said and done, he's a very curious romantic hero. In fact, this guy is a world-class jerk. What kind of "hero" would deliberately try to trap an innocent young girl into a sham marriage? He makes all kinds of rationalizations to himself that his Maker will understand and approve of what he's doing, but come on, now, who is he kidding? Imagine an alternative plot line midway through the book: Jane doesn't write to her uncle in Madeira, so he remains ignorant of the planned wedding. He doesn't send anyone to England to prevent it, so the wedding goes off as scheduled. Five

years and two or three children later, Jane finds out about Rochester's first marriage. Can you imagine how she would feel? Her marriage is a sham and her children are illegitimate. What would she say? How would she react? And how would Mr. Rochester feel knowing he had brought this calamity on her by his own selfishness? I don't know about war, but all is definitely not fair in love. Mr. Rochester is a selfish ess-oh-bee. Anyway, the alternative never happened and we all know how the book really comes out so there is no sense in rehashing the plot; suffice to

say that Bronte is a marvelous storyteller. The one problem I really have with Jane Eyre is the same that arises in Bronte's other books, and that is her stifling insularity; she seems unable to find value in anything that outside her own narrow, English Protestant frame of reference. However, this is a small caveat in this book. "Jane Eyre" is a classic romantic novel that has entranced generations of readers and looks good for generations to come, flawed hero and all. Judy Lind
