## REVIEW OF ABRE TU MENTE A LOS NUMEROS

- Dr. Suess wrote another wonderful book for children. We read it to our adopted child as it shows a special bond between Horton and the egg. Although we do explain Mayzie's reaction to her egg is not typical to how "Birth Parents" feel. We have found this book to be very educational as well as entertaining.
- This is an incredible book for new coin enthusiasts. The pictures of conditions to grading are excellent and the text describes exactly what to pay attention too.
