So, what are you awaiting? Beginning your analysis journey today with electronic Al Shatibiyyah publication

downloads. With so many titles and genres to pick from, the possibilities are limitless. Pleased analysis!

REVIEW OF AL SHATIBIYYAH

- I saw this older book on Amazon and since they recently discovered Richard's bones I really wanted to read it. A detective recovering in the hospital from a broken leg decides to find out the truth about Richard III and the death of his nephews. What he and his cohorts find out from papers written at the time throws a whole new light on history. Of all the protagonists in Philippa Gregory's Plantagenet series, I liked Richard and his pale little wife the best. I couldn't really believe that this lovely man could do such a thing to his nephews. It was totally out of character. And after

reading Tey's brilliant book, I am even more convinced. She builds her case masterfully, discussing the evidence piece by piece, only to discover that several historians over the years have agreed with her main character's theories. I hope when they make a new movie about Richard (and I'm sure they will) that they will take this book into consideration.

- It doesn't matter if you love mysteries or hate them, you simply must read *The Daughter of Time*. This is a brilliantly written novel calling into question the legend of Richard III of England as fabricated by his enemies - a hunchback, a killer of innocents and an incarnation of evil. Thoroughly researched and impeccably written, it provides not only a refresher course in English history, but

in how all history is created.
