REVIEW OF MEDICAL TERMINOLOGY GYLYS 7TH

- A great read! I truly enjoyed reading this. It's a rarity these days to find an

author capable of such good storytelling. The story is well written and very engaging, and despite the fact that it lost some momentum in the middle, I found myself eagerly turning pages to find out what would happen next. All in all, though this is not quite a perfect novel, it comes close.

- Funny how if you don't agree with the minority who are hyping this book you are some kind of monster. The real monster is this book. I can't for the life of me see why anyone would say this is a good book. And yeppers do my little brother was crying too with great disappointment after spending his monthly allowance on them books. Me I was just mad as heck. It is a total waste of time. Not worth it.
