### **REVIEW OF BLOCK CRAFT 3D HACK MOD**

- I enjoyed it very much particularly the written skills in describing the characters and the crime scenes. However, I was not convinced about the ending since it did not explain about why Temple Gault was challenging Dr. Scarpetta. Perhaps a book on his adolescent and how he develops an emotional attachment to Kay would be interesting.
- Another great book from Madame Medical Investigator Author Patricia Cornwell. Always well-researched, this time the book causes Dr. Kay Scarpetta, Marino and of course, FBI Agent Benton Wesley to investigate the death of a frozen naked woman propped openly in Central Park. Their path leads them to the parents of a psychotic serial killer, one of whom can see nothing wrong about her son and the other parent who would only see his if pointing a shotgun at the son's face. The woman's identity is a shock, as is Scarpetta's handiness with a side-arm. A must-read!
