So what are you waiting on? Start your Organic Directory 2006 downloading trip today and experience all the benefits and comfort that the electronic world of publications needs to use!

REVIEW OF ORGANIC DIRECTORY 2006

- I have the audiobook of this, which I got on sale (thank god, though I'm sorry I paid a dime for it). The narrator is quite good, but the poor thing is working with some pretty flimsy stuff. There's nothing remotely historically accurate about this, but I'm not sure anyone would expect that. It's sort of a romance novel, though a fairly tame one by modern standards. The main thing that annoys, however is that the 19C heroine is such a dithering idiot you want to wring her neck. She behaves like an 8-year-old boy trying to worm his way into his older brother's clubhouse. She wants to be a spy, but has no idea what spies are actually after. It's kind of a cloak-and-dagger game for her. The author does that romance novel thing of having this woman be "spirited," which means cutely indignant every so often for no particularly good reason. Then the hero gets miffed at her. It's unspeakably tedious. And she's constantly stubbing her toe or

falling down and squealing "ouch!" when she's trying to be stealthy. The modern heroine is also always spilling things and tripping. I'm not sure if this clumsiness is supposed to make them adorable or relatable or what, but it's just irritating. By the halfway point, you'll find yourself wishing in vain that the halfwit will get herself killed, as she is forever on the verge of doing, but no luck. If you want a heroine for whom you can muster at least a morsel of respect, look elsewhere.

- If you've stumbled upon this book and know nothing about it, you probably won't like it. To say this book is "a narrative musing" is like calling Ulysses a narrative musing. It is highly abstract, abstruse, and fabulous. The the book of questions, much use is made of the question and answer format, not Socratic, but in the form used by the Rebbi. The questions often seem to have little to do with the answers, mimicing a koan. If you know what this book is, you don't need to read the reviews. If you need to read the reviews, don't buy the book.
