One World, Many Religions DK Publishing (Dorling Kindersley)

Examines each religion--including ancient Greek, Roman, Norse, and Celtic religions, Hinduism, Buddhism, Christianity, and nature religions--discussing its history, founder, major deity, beliefs, festivals, and celebrations.

A Religious Symposium Representing Christianity, Hinduism, Buddhism, Judaism, Mohammedanism, the Brahmo-Somaj, and Woman Baker Academic

The World Religions Paradigm has been the subject of critique and controversy in Religious Studies for many years. After World Religions provides a rationale for overhauling the World Religions curriculum, as well as a roadmap for doing so. The volume offers concise and practical introductions to cutting-edge Religious Studies method and theory, introducing a wide range of pedagogical situations and innovative solutions. An international team of scholars addresses the challenges presented in their different departmental, institutional, and geographical contexts. Instructors developing syllabi will find supplementary reading lists and specific suggestions to help guide their teaching. Students at all levels will find the book an invaluable entry point into an area of ongoing scholarly debate.

Christianity Routledge

Globalization and high-speed communication put twenty-first century people in contact with adherents to a wide variety of world religions, but usually, valuable knowledge of these other traditions is limited at best. On the one hand, religious stereotypes abound, hampering a serious exploration of unfamiliar philosophies and practices. On the other hand, the popular idea that all religions lead to the same God or the same moral life fails to account for the distinctive origins and radically different teachings found across the world's many religions. Understanding World Religions presents religion as a complex and intriguing matrix of history, philosophy, culture, beliefs, and practices. Hexham believes that a certain degree of objectivity and critique is inherent in the study of religion, and he guides readers in responsible ways of carrying this out. Of particular importance is Hexham's decision to explore African religions, which have frequently been absent from major religion texts. He surveys these in addition to varieties of Hinduism, Buddhism, Judaism, Christianity, and Islam.

Norton Anthology of World Religions Zondervan Academic

Baffled by Buddhism? Confused by Catholicism? Mystified by Mysticism? World Religions can lift the cloud surrounding the main faiths of the world. Christianity, Islam, Judaism, Sikhism, Buddhism and many more key faiths are explained clearly with beautifully annotations and full colour illustrations. Providing detailed insight into the key practices, figures and images of each religion, this is perfect for those beginning their exploration into faith, or for those just needing a quick reference tool. World Religions details the beliefs from modern Scientology to the world's oldest faith- Zoroastrianism - and everything in between.

No Other Name? A&C Black

A History of the World's Religions bridges the interval between

the founding of religions and their present state, and gives students an accurate look at the religions of the world by including descriptive and interpretive details from the original source materials. Refined by over forty years of dialogue and correspondence with religious experts and practitioners around the world, *A History of the World's Religions* is widely regarded as the hallmark of scholarship, fairness, and accuracy in its field. It is also the most thorough yet manageable history of world religion available in a single volume, treating many subjects largely neglected in other texts.

World Religions in Practice Kids Can Press Ltd

Covering six major traditions - Hinduism, Buddhism, Sikhism, Judaism, Christianity, and Islam, together with shorter sections on Zoroastrianism, Baha'i, Confucianism, Taoism, and Shinto - *Inside World Religions* brings these faiths vividly to life by delving beneath the surface to discover what they mean for those who follow them. Intended for the novice inquirer, the book includes brief accessible chapters that ask how, for example, does belonging to a particular faith affect people's relationships, their celebrations of special occasions, and the way they live their daily lives? Illustrated throughout with stunning full-color photography, *Inside World Religions* takes the reader on a fascinating journey through the major faiths of the world.

Understanding World Religions Zondervan Academic

World Religions looks at the history of the world's great faiths, from those that emerged thousands of years ago to those that have established themselves in more recent times. It is divided into the following chapters: Hinduism and Sikhism; Zoroastrianism; Judaism; Buddhism; Christianity; Islam; Religions of the Far East; and Other Religions. The book looks at the context in which these religions emerged and as migrations and military expansionism helped them to become established in certain regions of the world. World Religions explains the characteristics of each faith, but also demonstrates the common history that many of them share. The book also contains maps and plans showing many significant religious sites around the world, as well as data on how widespread the various faiths are today. With over 150 maps covering a wide range of religions over thousands of years, World Religions is a fascinating account of the diverse range of faiths that have helped shape the history of mankind. -- from dust jacket.

World Religions in a Nutshell Bridge Logos Foundation

Christianity and World Religions Simon and Schuster

Striving to be the most student-friendly textbook in this field, **WAYS TO THE CENTER: AN INTRODUCTION TO WORLD RELIGIONS**, Seventh Edition, weaves together rich historical, cultural, and theological detail into structural and philosophical sections that analyze each of the world's major religions in terms of its views on nature, society, self, and ultimate reality. The readily accessible text is designed for today's students and places a premium on the development of critical thinking. Combining both historical and systematic analyses, the book takes as its focus the theme of personal centeredness--a primary goal of each featured religion. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Kids Book of World Religions Tyndale House Publishers, Inc.

This magisterial Norton Anthology, edited by world-renowned scholars, offers a portable library of more than 1,000 primary texts from the world's major religions. To help readers encounter strikingly unfamiliar texts with pleasure; accessible introductions, headnotes, annotations, pronouncing glossaries, maps, illustrations and chronologies are provided. For readers of any religion or none, *The Norton Anthology of World Religions* opens new worlds that, as Miles writes, invite us "to see others with a measure of openness, empathy, and good will..."

Unprecedented in scope and approach, *The Norton Anthology of World Religions: Christianity* brings together over 150 texts from the Apostolic Era to the New Millennium. The volume features Jack Miles's illuminating General Introduction—"How the West Learned to Compare Religions"—as well as Lawrence S. Cunningham's "The Words and the Word Made Flesh," a lively primer on the history and core tenets of Christianity.

A Guide to the Essentials W. W. Norton & Company

To live in a global society and make sense of world events requires more than a cursory understanding of world religions and the roles they play. This fascinating, in-depth, academic study of the five major religions focuses on each group's response to some of the most critical social issues of our time: ecology, peace, and women's rights. The author also highlights individual religious "heroes" and provides links to numerous digital sources for further research, making this a particularly timely and personalized approach to the study of world religions and their far-reaching impact at every level of society. Book jacket.

World Religions Bridge Logos Foundation

Succinct chapters provide an excellent guide to understanding Islam, Buddhism, Hinduism, Judaism, Taoism, Shintoism, and more.

The Quest for Personal, Spiritual and Social Transformation Cengage Learning

You are on CNN, live. The host leans across to you and asks, What s the major difference between Christianity and the other major religions? They are basically all the same, aren t they? Millions are awaiting your reply. Do you know how you would answer? Most of us are not as prepared as we should be for this all-important task. Discover what almost all religions have in common: By trying to earn their way to Heaven, their followers are robed in works-righteousness. Learn how to gently remove that robe, so those seeking eternal salvation can be clothed in the righteousness that comes only through faith in Jesus Christ. Each religion is discussed according to: It s basic beliefs Testimonies of its followers who turned to Christ Sample witnessing conversation.

Beginning exploring the globe of PDF World Religions In A Nutshell today and unlock the capacity for a richer, extra fulfilling finding out experience.

REVIEW OF WORLD RELIGIONS IN A NUTSHELL

- The best advice i can give any future pre-meds is to listen to this review. Kaplan is the worst mcat prep out there. First, they recyle their materials every year so it's the same thing never updated despite what they say. Their science is just all thrown in there without telling you what is imperative knowledge. Their verbal practice is horrible and not accurate of the real thing. Also, stay away from their class and if you really need to pick a prep course go with Princeton Review they give you 3x as many classes. Also i would reoomend Examcrackers to anyone studying for the MCAT. It really is the best and you will not be

sorry. Stay away from Kaplan please. I just luckily got Examkrackers and it made all the difference 11 P, 11 V, 11 B. Trust me go with Examkrackers and if you have to take a course cause you like that go with Princeton Review. You won't be sorry.

- I already read the book three or four times and still find it fascinating. Clancy writes in great detail and shows a great knowledge of military technology. The story is GREAT! Nevertheless

there is a lack of knowledge on today's Germany and topography: Parts of the story like that about the Spetsnaz leader at the main post office in Aachen or the 'camping site' on the way to Lammersdorf show his knowledge to be 'only' from maps and don't work in reality. German police and military structures and titles described are from times BEFORE World War II. So would you please keep in mind, that this book is fiction in many ways, detailed and exact and real as it might seem.
