Boatbuilding Manual Brill Academic Pub

By providing an understanding of the basic concepts of naval architecture, this book is the perfect companion for the maritime professional who is not a naval architect, but needs to be able to communicate effectively with naval architects. Written in engaging and easily understood terms, this book concentrates on two aspects of naval architecture : design and analysis. Technical discussions are almost entirely qualitative rather than quantitative and coverage focuses on conventional ship worthiness, structural integrity, powering requirements and functional capability. The astonishing, uplifting story of a real-life Indiana Jones and his humanitarian campaign to use education to combat terrorism in the Taliban's backyard Anyone who despairs of the individual's power to change lives has to read the story of Greg Mortenson, a homeless mountaineer who, following a 1993 climb of Pakistan's treacherous K2, was inspired by a chance encounter with impoverished mountain villagers and promised to build them a school. Over the next decade he built fifty-five schools—especially for girls—that offer a balanced education in one of the most isolated and dangerous regions on earth. As it chronicles Mortenson's quest, which has brought him into conflict with both enraged Islamists and uncomprehending Americans, *Three Cups of Tea* combines adventure with a celebration of the humanitarian spirit.

This book contains the main international commercial contracts that small and medium-sized enterprises (SMEs) will need in their trade transactions. All contracts are harmonized in structure as well as in content through the insertion in each of identical boilerplate or recurring clauses. Each Model Contract indicates the basic elements that a non-specialist should fill in or should consider when entering into an agreement. The nine model forms and the boilerplate clauses were selected on the basis of a worldwide survey of representative institutions of SMEs. The Model Contracts will be supplemented in due course with training material developed ITC.

REVIEW OF IMPA MARINE STORES GUIDE

- Both my husband and myself are educators and have had the pleasure of reading many of Adrian Fogelin's books. I felt compelled to write this review both in praise of Mrs. Fogelin's excellent stories, and in reaction to the posting below that complains of the offensive language used in *My Brother's Hero*. First, let's make clear what we're talking about: the terms this individual is referring to are the f-word, and two b-words (that's "fart," "butt" and "boob" - yes, I wrote them out without the asterisks...gasp!). Of course, every parent is entitled to decide what is appropriate for their child to read, however, I would be deeply saddened to think that any one would be deprived of the opportunity to experience Mrs. Fogelin's wonderful stories because of (let's say it clearly) some extremely mild language. Our children are growing up in a world in which anorexic starlets who flit in and out of rehab and forget their underwear are held up as role models; in which a University student can murder two people, compile and mail a deranged manifesto (which is later aired on national television), and then go on to murder 29 others and himself; in a country embroiled in war and fearful of an unknowable, ever-present terrorist threat; and yes, they are keenly aware of, and affected by, all of this. Adrian Fogelin's stories, which are wonderfully written, are in direct contrast to all of the 'over the top' nonsense that has become our reality. Mrs. Fogelin's books are great because they show kids that it's OK to be who they are, even if what they are is chubby, or poor, or nerdy. They are tales of normal kids, leading normal lives, having friendships, confronting their problems and, here's the kicker, making the right choices, the hard, not the glamorous or instantly-gratifying choices. And yes, the characters do occasionally say things, like 'butt' or 'fart,' but isn't that what kids actually do? So I guess in a long-winded way I'm saying that Adrian Fogelin's books are a great choice for any parent looking for something meaningful for their kids to read. The characters and situations are often funny and touching, sometimes sad or embarrassing, but always thoughtfully portrayed and in my opinion, completely appropriate for any reader of any age.

- This small under-rated book is THE definitive book on virtually all drugs of abuse. It breaks down each of the drugs by category and by use, giving the properties of each and their derivation, and side effects including potential for addiction. Anyone interested in the chemical abuse field, or merely curious about some of the drugs they may be prescribed, will find this an exceptional buy.
