FOR THE NATIONAL BOOK CRITICS CIRCLE’S JOHN LEONARD PRIZE FOR BEST FIRST BOOK • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK PUBLIC LIBRARY AND HARVARD CRIMSON AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • Chicago Tribune • The Washington Post • NPR • Variety • Esquire • Vox • Elle • Glamour • GQ • Good Housekeeping • The Paris Review • Paste • Town & Country • BookPage • Kirkus Reviews • BookRiot • Shelf Awareness Jia Tolentino is a peerless voice of her generation, tackling the conflicts, contradictions, and sea changes that define us and our time. Now, in this dazzling collection of nine entirely original essays, written with a rare combination of give and sharpness, wit and fearlessness, she delves into the forces that warp our vision, demonstrating an unparalleled stylistic potency and critical dexterity. Trick Mirror is an enlightening, unforgettable trip through the river of self-delusion that surges just beneath the surface of our lives. This is a book about the incentives that shape us, and about how hard it is to see ourselves clearly through a culture that revolves around the self. In each essay, Tolentino writes about a cultural prism: the rise of the nightmare social internet; the advent of scamming as the definitive millennial ethos; the literary heroine’s journey from brave to blank to bitter; the punitive dream of optimization, which insists that everything, including our bodies, should become more efficient and beautiful until we die. Gleaming with Tolentino’s

his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Lord of Opium Bogdan Vaida

This book makes an urgent demand for silence. The ability to think, to reflect, and to create are all highly dependent on regular access to silence. Yet in today's noisy, 24/7 society silence and quiet are under threat. And the business world only makes this worse with cynical marketing strategies abusing the power of noise: ever-diminishing oases of calm are hard to find. Stuart Sim argues that we need more, not less, silence. He explains why silence matters, where it matters--in our environment, in religion, philosophy, the arts, literature and science - and why the human race will suffer if we do not make space for it. The confrontation between the politics of noise and the politics of silence affects all of us profoundly: we cannot stay

neutral on this issue.

A Practical Guide for Trainers and Facilitators Edinburgh University Press

Yancey explores reflection as a promising body of practice and inquiry in the writing classroom. Yancey develops a line of research based on concepts of philosopher Donald Schon and others involving the role of deliberative reflection in classroom contexts. Developing the concepts of reflection-in-action, constructive reflection, and reflection-in-presentation, she offers a structure for discussing how reflection operates as students compose individual pieces of writing, as they progress through successive writings, and as they deliberately review a compiled body of their work—a portfolio, for example. Throughout the book, she explores how reflection can enhance student learning along with teacher response to and evaluation of student writing. Reflection in the Writing Classroom will be a valuable addition to the personal library of faculty currently teaching in or administering a writing program; it is also a natural for graduate students who teach writing courses, for the TA training program, or for the English Education program.

*How to Write - and Think - Clearly About Any Subject at All* The Memory Keeper's Daughter A Novel

Media attention can play a profound role in whether or not officials act on a policy issue, but how policy issues make the news in the first place has remained a puzzle. Why do some issues go viral and then just as quickly fall off the radar? How is it that the media can sustain public interest for months in a complex story like negotiations over Obamacare while ignoring other important issues in favor of stories on “balloon boy?” With

Making the News, Amber Boydstun offers an eye-opening look at the explosive patterns of media attention that determine which issues are brought before the public. At the heart of her argument is the observation that the media have two modes: an “alarm mode” for breaking stories and a “patrol mode” for covering them in greater depth. While institutional incentives often initiate alarm mode around a story, they also propel news outlets into the watchdog-like patrol mode around its policy implications until the next big news item breaks. What results from this pattern of fixation followed by rapid change is skewed coverage of policy issues, with a few receiving the majority of media attention while others receive none at all. Boydstun documents this systemic explosiveness and skew through analysis of media coverage across policy issues, including in-depth looks at the waxing and waning of coverage around two issues: capital punishment and the “war on terror.” Making the News shows how the seemingly unpredictable day-to-day decisions of the newsroom produce distinct patterns of operation with implications—good and bad—for national politics.

A #1 New York Times bestseller by Kim Edwards, *The Memory Keeper's*

Daughter is a brilliantly crafted novel of parallel lives, familial secrets, and the redemptive power of love. Kim Edwards's stunning novel begins on a winter night in 1964 in Lexington, Kentucky, when a blizzard forces Dr. David Henry to deliver his own twins. His son, born first, is perfectly healthy, but the doctor immediately recognizes that his daughter has Down syndrome. Rationalizing it as a need to protect Norah, his wife, he makes a split second decision that will alter all of their lives forever. He asks his nurse, Caroline, to take the baby away to an institution and never to reveal the secret. Instead, she disappears into another city to raise the child herself. So begins this beautifully told story that unfolds over a quarter of a century—in which these two families, ignorant of each other, are yet bound by the fateful decision made that winter night long ago. A family drama, *The Memory Keeper's Daughter* explores every mother's silent fear: What would happen if you lost your child and she grew up without you? It is also an astonishing tale of love and how the mysterious ties that hold a family together help us survive the heartache that occurs when long-buried secrets are finally uncovered.

## **REVIEW OF REFLECTION PAPER EXAMPLE**

- If you are planning to breastfeed ( which I personally highly advise you to ) then get this book and read it as soon as possible, preferably before you have

your baby and then again after. It helped me so much and I am so glad for all the advice and encouragement this book gave me. Breastfeeding my new baby is the most wonderful experience! True, it takes a little time and patience to get it but when you do- it is so worth it!!! This book and a good lactation consultant can make it work for you! Good Luck.

- Wonderful book- very informative. Cakes will be challenging but the directions are very clear. Not for a new cake baker but for the more experienced it is wonderful.
