The distinct storytelling style, relatable characters, and story spins make it a beneficial addition to your shelf. So, if you're trying to find a fascinating read, Haeco Xiamen is most definitely worth considering.

REVIEW OF HAECO XIAMEN

- I agree, this book is excellent and a MUST read if you have the slightest interest in nomadic empires of Central Asia.
- On the surface, this is a story of a plague outbreak in colonial Oran, Algeria, but Camus is actually giving an extended allegory to the Nazi Occupation of France while reiterating his idea of the Absurd. The good Dr. Bernard Rieux is comparable to Charles DeGaulle in his constant effort to battle against the forces of oppression. Rieux along with Dr. Castel warn the city government of the dangers of the plague, but the government drags its feet. This is comparable to the feet-dragging and mismanagement by the French government in response to the German Blitz of World War Two. The worst characters in the novel could also be considered the most colluding members of French society to the Nazi occupation. The character Cottard seems to revel in the new "occupation" by the plague. It makes him feel less alone and that everyone is suffering through the personal struggles he must deal with constantly. He greedily excuses himself from responsibility to fight the plague at all. Camus is probably comparing Cottard to the fascist Vichy Government set up by the Nazis after France's fall. Cottard, because he is a fascist, is delighted that everyone must now conform to his sick ideals. The public itself represents the general French public during the occupation. They try to escape the plague by going to movies and plays, but soon reality stops them from enjoying even that when the actors all start dying from plague. This demonstrates Camus's belief that most people were indifferent and chose to be helpless during the occupation (Camus founded the left-wing Resistance newspaper Combat). I quite enjoyed all the allusions made in The Plague. A good novel for all readers and a definite must read for fans of existentialism.
