REVIEW OF SAMPLE OBSERVATION PAPER APA STYLE

- Anthony F.Miller PlaceThis book is Fahrenheit 451 written by Ray Bradbury. This is a realistic fiction book based on a futuristic world. This book is a mystery in some aspects and it could somewhat be an action book.This book is about a man named Guy Montag. He is a firefighter who doesn't put out fire, but starts them. If someone has books the firefighters go to there house and burn the books. Guy starts talking to a young girl named Clarisse. She has many different views on the world compared to other people in the time she is living in. Guy starts thinking about what she is talking about and that makes him start questioning every aspect of his life. Guy later reveals that he has a full library of books, to his wife that he has been hiding. Now he only has twenty-four hours to reads the books before he can get caught by the firefighters.This book is suited for an older audience. The writing style and the vocabulary the author uses will be a little hard for the younger reader to understand.In general I thought the book was okay. I enjoyed some parts of the book, but other parts just bored me and I couldn't wait until I finished what I was reading. If you are interested in futuristic and or realistic fictional stories then you should read this one.

- This was the first time I had tried the "futuristic" genre- and I loved it! 1984 really made think- it was in-depth without being totally confusing. The characters are realistic and Orwell does a great job of describing how the citizens are controlled in the republic of Oceania. If you ever get the opportunity, read 1984- you will not be disappointed!!!
