Thank you for choosing our system for your PDF downloads. We eagerly anticipate offering you with excellent service and diverse options for

several years ahead.

REVIEW OF RETREATS 2018 FATHER JAMES MANJACKAL

- Author Theresa Medeiros' signature humor shines on every page of *YOURS UNTIL DAWN*. Set in England about six months after Admiral Nelson's death at Trafalgar in 1805, the constant verbal sparring between hero and heroine kept me turning pages despite the lack of a significant outside threat to life and limb. That's unusual for me. In this story, the romance doesn't develop in the midst of conflict. The romance IS the conflict. The Big Reveal of the heroine's secret at about the three-quarter point in the story completely

blindsided me, and that's unusual too. I still can't say the author dropped enough clues earlier to provoke one of those "I should have seen that coming" moments, but the unexpected twist was intriguing instead of disruptive. THAT is the part of this book I'll always remember.

- I rather enjoyed this resource about the Civil war and the era preceding and following. I found the use of articles, journal entries, letters, speeches and historic documents from multiple centuries rather valuable. To see how the perception of the Civil War has changed over the past 150 years is fascinating and watching the trend of history revisionism, conservatism, and

liberalism that directly affects how we address history and teach history. I believe this book should be a staple in a University classroom that educates about this era. I say let the students see multiple sources and let them make their own conclusions on who is "guilty, innocent, and caught in the middle".

Too often we are given one perspective on a very diverse and complicated event and we are supposed to accept a simple reason for it. There is much more to the politics and secession issues within the Confederacy and the Union. This book allows a student to see how both the North and South have their faults in this conflict.
