**REVIEW OF CUMMINS ENGINE N14**

- I am still reading. I look forward to sitting down and sharing the experiences of so many different people. I am a veteran and I think these personal histories appeal to me because I understand them. The interviews were done for many of these people when they were the age that I am now. So I find myself emphasizing.

- A product of the later and less inspired period of Mr. Lewis' creative life. Still, very interesting and surprisingly relevant if seemingly sloppy in execution. Worth the read!
