REVIEW OF BMA CARERS MANUAL

- This book has three parts. The first one contains a discussion of what forgiveness is, what it means for our lives and how it can be achieved. Albeit brief, this section provides an invaluable route map for whomever might be in need to overcome injuries of the past. In my view, the second part is the less usable. It contains a general description of 9 fictitious characters and analyzes how forgiveness can help them in their lives. A little vague and simplistic, I think this section could have well been done without. Finally, the excellent third part analyzes how prayer and, in particular, centering prayer, can help you to forgive and achieve a whole life. The writing is very clear in this section, despite dealing with very complex topics. The book is openly Christian. Non-believers may have problems in following it.

- Perfect for a library of other classics. Contains other works by Joseph Conrad. Reasonably priced; this is a book that can be read over and over.
