[EREWON REVISITED](#) Simon and Schuster

The Problem of God explores answers to the most difficult questions raised against Christianity. A skeptic who became a Christian and then a pastor, author Mark Clark grew up in an atheistic home. After his father's death, he began a skeptical search for truth through the fields of science, philosophy, and history, eventually finding answers in the last place he expected: Christianity. In a winsome, persuasive, and humble voice, The Problem of God responds to the top ten interrogations people bring against God, and Christianity, including: Does God even exist in the first place? What do we do with Christianity's violent history? Is Jesus just another myth? Can the Bible be trusted? Why should we believe in Hell anymore today? Each chapter answers the specific challenge using a mix of theology, philosophy, and science. Filled with compelling stories and anecdotes, The Problem of God presents an organized and easy-to-understand range of apologetics, focused on both convincing the skeptic and informing the Christian. The book concluding with Christianity's most audacious assertion: how should we respond to Jesus' claim that he is God and the only way to salvation.

*The Problems of Philosophy* Routledge

This work, originally published in 1912, is an introduction to the theory of philosophical enquiry. It gives Russell's views on such subjects as the distinction between appearance and reality and the existence and nature of matter.

[Thoughts on the Nature of Mass Movements](#) Routledge

Russell's thinking on the promise and threat of scientific progress. Considers questions fundamental to an understanding of science and includes brilliant discussions of scientific figures, including Aristotle, Galileo and Darwin.

**The Will to Believe** Routledge

Al Seckel has rescued many of Bertrand Russell's best essays on religion, free thought, and nationalism from their resting places in

obscure pamphlets, hard-to-find books, and out-of print periodicals to form a superb compilation.

**A Concise Guide to the Science of Faith** Routledge

Along with Why I Am Not a Christian, this essay must rank as the most articulate example of Russell's famed atheism. It is also one of the most notorious. Used as evidence in a 1940 court case in which Russell was declared unfit to teach college-level philosophy, What I Believe was to become one of his most defining works. The ideas contained within were and are controversial, contentious and - to the religious - downright blasphemous. A remarkable work, it remains the best concise introduction to Russell's thought.

[Essays in Skepticism](#) Oxford University Press, USA

Those who practice the Muslim faith have resisted examinations of their religion. They are extremely guarded about their religion, and what they consider blasphemous acts by skeptical Muslims and non-Muslims alike has only served to pique the world's curiosity. This critical examination reveals an unflattering picture of the faith and its practitioners. Nevertheless, it is the truth, something that has either been deliberately concealed by modern scholars or buried in obscure journals accessible only to a select few.

*And Other Essays* Createspace Independent Publishing Platform

Bertrand Russell's religious convictions were controversial, and one of his best selling titles is 'Why I am not a Christian'. This is a comprehensive and coherent survey of Russell on religion, with notes for students.

[Russell on Religion Lulu.com](#)

Bertrand Russell famously quipped that he didn't believe in God for the same reason that he didn't believe in a teapot in orbit between the earth and Mars: it is a bizarre assertion for which no evidence can be provided. Is belief in God really like belief in Russell's teapot? Kenneth L. Pearce argues that God is no teapot. God is a real answer to the deepest question of all: why is there something rather than nothing? Graham Oppy argues that we should believe that there are none but natural causal entities with none but natural causal properties—and hence should believe that there are no gods. Beginning from this basic disagreement, the authors proceed to discuss and debate a wide range of philosophical questions, including questions about explanation, necessity, rationality, religious experience, mathematical objects, the foundations of ethics, and the methodology of philosophy. Each author first presents his own side, and then they interact through two rounds of objections and replies. Pedagogical features include standard form arguments, section summaries, bolded key terms and principles, a glossary, and annotated reading lists. In the volume foreword, Helen De Cruz calls the debate "both edifying and a joy," and sums up what's at stake: "Here you have two carefully formulated positive proposals for worldviews that explain all that is: classical theism, or naturalistic atheism. You can follow along with the authors and deliberate: which one do you find more plausible?" Though written with beginning students in mind, this debate will be of

interest to philosophers at all levels and to anyone who values careful, rational thought about the nature of reality and our place in it.

[C.S. Lewis, David Hume, and Bertrand Russell](#) Open Road Media

"I have tried to say what I think of man's place in the universe and of his possibilities of achieving the good life." Preface.

*God Is Not Great* Routledge

Everyone has a worldview. How did we get it? How is it formed? Is it possible by persuasion and logic to change one's worldview? In *Rethinking Worldview*, writer and worldview teacher J. Mark Bertrand has a threefold aim. First, he seeks to capture a more complex, nuanced appreciation of what worldviews really are. Then he situates worldviews in the larger context of a lived faith. Finally, he explores the organic connections between worldview and wisdom and how they are expressed in witness. Bertrand's work reads like a conversation, peppered with anecdotes and thought-provoking questions that push readers to continue thinking and talking long after they have put the book down. Thoughtful readers interested in theology, philosophy, and culture will be motivated to rethink their own perspectives on the nature of reality, as well as to rethink the concept of worldviews itself.

*Portraits from Memory* Franklin Classics Trade Press

For anyone who feels caught in the tension between the beauty of God's story and the ugliness of human hypocrisy, *Why I Still Believe* offers a stirring story of hope. Why would anyone be a Christian when there is so much hypocrisy in the church? Mary Jo Sharp shares her journey as a skeptical believer who still holds to a beautiful faith despite wounding experiences in the Christian community. At a time when de-conversion stories have become all too common, this is an earnest response - the compelling conversion of an unlikely believer whose questions ultimately led her to irresistible hope. Sharp addresses her own struggle with the reality that God's people repeatedly give God's story a bad name and takes a careful look at how the current church often inadvertently produces atheists despite its life-giving message. For those who feel the ever-present tension between the beauty of salvation and the dark side of human nature, *Why I Still Believe* is a candid and approachable case for believing in God when you really want to walk away. With fresh and thoughtful insights, this spiritual narrative presents relevant answers to haunting questions like: Isn't there too much pain and suffering to believe? Is it okay to have doubt? What if Jesus' story is a copy of another story? Is there any evidence for Jesus' resurrection? Does atheism explain the human experience better than Christianity can? How can the truth of Christianity matter when the behaviors of Christians are reprehensible? At once logical and loving, Sharp reframes the gospel as it truly is: the good news of redemption. With firmly grounded truths, *Why I Still Believe* is an affirming reminder that the hypocrisy of Christians can never negate the transforming grace and truth of Christ.

[History of Western Philosophy](#) Routledge

One of modern history's great thinkers takes on prejudice, superstition, and conventional wisdom, using wit and insight to argue for a rational way of life. In a brilliant series of essays, Bertrand Russell uses challenging skepticism and sharp humor to attack the obstacles to building a society based on reason. Russell's thoughts are as lively and pertinent today as when they were written. His topics range from the defects of the education system to the failure of the belief among the younger generation, from our mistaken concepts of democracy to the ever-present threat to freedom throughout the world—even in the West which prides itself so much on being free.

#### God and the Reach of Reason Pitchstone Publishing (US&CA)

From the New York Times bestselling author of *American Fascists* and the NBCC finalist for *War Is a Force That Gives Us Meaning* comes this timely and compelling work about new atheists: those who attack religion to advance the worst of global capitalism, intolerance and imperial projects. Chris Hedges, who graduated from seminary at Harvard Divinity School, has long been a courageous voice in a world where there are too few. He observes that there are two radical, polarized and dangerous sides to the debate on faith and religion in America: the fundamentalists who see religious faith as their prerogative, and

the new atheists who brand all religious belief as irrational and dangerous. Both sides use faith to promote a radical agenda, while the religious majority, those with a commitment to tolerance and compassion as well as to their faith, are caught in the middle. The new atheists, led by Richard Dawkins, Christopher Hitchens and Sam Harris, do not make moral arguments about religion. Rather, they have created a new form of fundamentalism that attempts to permeate society with ideas about our own moral superiority and the omnipotence of human reason. *I Don't Believe in Atheists* critiques the radical mindset that rages against religion and faith. Hedges identifies the pillars of the new atheist belief system, revealing that the stringent rules and rigid traditions in place are as strict as those of any religious practice. Hedges claims that those who have placed blind faith in the morally neutral disciplines of reason and science create idols in their own image -- a sin for either side of the spectrum. He makes an impassioned, intelligent case against religious and secular fundamentalism, which seeks to divide the world into those worthy of moral and intellectual consideration and those who should be condemned, silenced and eradicated. Hedges shatters the new atheists' assault against religion in America, and in doing so, makes way for new, moderate voices to join the debate. This is a book that must be read to understand the state of the battle about faith.

*In Praise of Idleness* New York : Boni & Liveright

From one of the greatest philosophers of the twentieth century: A collection of accessible and enlightening essays on topics from envy to intellectual rubbish. Russell, the sage non-conformist, is always meaningful, no matter what the topic or the issue. In this small book are some of his old but nonetheless remarkable observations, and some of the thoughts he expressed on his 90th birthday. Here are titles, taken at random from the Table of Contents: *Psychoanalysis Takes a Look*; *Envy and Belief*; *On Male Superiority*; *What Social Science Can Do*; *Intellectual Rubbish*; *Don't Be Too Certain*; *On Being Old*.

*What I Believe* Farrar, Straus and Giroux

"Its theme is political fanaticism, with which it deals severely and brilliantly." —*New Yorker* The famous bestseller with "concise insight into what drives the mind of the fanatic and the dynamics of a mass movement" (*Wall St. Journal*) by the legendary San Francisco longshoreman. A stevedore on the San Francisco docks in the 1940s, Eric Hoffer wrote philosophical treatises in his spare time while living in the railroad yards. *The True Believer*—the first and most famous of his books—was made into a bestseller when President Eisenhower cited it during one of the earliest television press conferences. Called a "brilliant and original inquiry" and "a genuine contribution to our social thought" by Arthur Schlesinger, Jr., this landmark in the field of social psychology is completely relevant and essential for understanding the world today as it delivers a visionary, highly provocative look into the mind of the fanatic and a penetrating study of how an individual becomes one.

*Why I Still Believe* Psychology Press

'I have come to think that one of the main causes of trouble in the world is dogmatic and fanatical belief in some doctrine for which there is no adequate evidence.' — Bertrand Russell, *Portraits from Memory* *Portraits from Memory* is one of Bertrand Russell's most self-reflective and engaging books. Whilst not intended as an autobiography, it is a vivid recollection of some of his celebrated contemporaries, such as George Bernard Shaw, Sidney and Beatrice Webb and D. H. Lawrence. Russell provides some arresting and sometimes amusing insights into writers with whom he corresponded. He was fascinated by Joseph Conrad,

with whom he formed a strong emotional bond, writing that his *Heart of Darkness* was not just a story but an expression of Conrad's 'philosophy of life'. There are also some typically pithy Russellian observations; H. G. Wells 'derived his importance from quantity rather than quality', whilst after a brief and fraught friendship Russell thought D. H. Lawrence 'had no real wish to make the world better, but only to indulge in eloquent soliloquy about how bad it was'. This engaging book also includes some of Russell's customary razor-sharp essays on a rich array of subjects, from his ardent pacifism, liberal politics and morality to the ethics of education, the skills of good writing and how he came to philosophy as a young man. These include 'A Plea for Clear Thinking', 'A Philosophy for Our Time' and 'How I Write'. *Portraits from Memory* is Russell at his best and will enthrall those new to Russell as well as those already well-acquainted with his work. This Routledge Classics edition includes a new foreword by the Russell scholar Nicholas Griffin, editor of *The Selected Letters of Bertrand Russell*.

#### **Bertrand Russell Quotes** Routledge

Christopher Hitchens, described in the *London Observer* as "one of the most prolific, as well as brilliant, journalists of our time" takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell's *Why I Am Not a Christian* and Sam Harris's recent bestseller, *The End Of Faith*, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope's awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.

#### **Why Men Fight (Serapis Classics)** Zondervan

" The Best Bertrand Russell Quotation Book ever Published. Special Edition This book of Bertrand Russell quotes contains only the rarest and most valuable quotations ever recorded about Bertrand Russell, authored by a team of experienced researchers. Hundreds of hours have been spent in sourcing, editing and verifying only the best quotations about Bertrand Russell for your reading pleasure, saving you time and expensive referencing costs. This book contains over 37 pages of quotations which are immaculately presented and formatted for premium consumption. Be inspired by these Bertrand Russell quotes; this book is a niche classic which will have you coming back to enjoy time and time again. What's Inside: Contains only the best quotations on Bertrand Russell Over 37 pages of premium content Beautifully formatted and edited for maximum enjoyment Makes for the perfect niche gift for you or someone special Enjoy such quotes such as: A hallucination is a fact, not an error; what is erroneous is a judgment based upon it. Bertrand Russell A

happy life must be to a great extent a quiet life, for it is only in an atmosphere of quiet that true joy dare live. Bertrand Russell A life without adventure is likely to be unsatisfying, but a life in which adventure is allowed to take whatever form it will is sure to be short. Bertrand Russell A process which led from the amoeba to man appeared to the philosophers to be obviously a progress though whether the amoeba would agree with this opinion is not known. Bertrand Russell A sense of duty is useful in work but offensive in personal relations. People wish to be liked, not to be endured with patient resignation. Bertrand Russell ... And much more! And if you ever need assistance finding the perfect book, our educated staff is right here to offer personalized referrals.

#### **REVIEW OF WHAT I BELIEVE BY BERTRAND RUSSELL EULERORE**

- This is Shakespeare as it should be... no extraneous notes, no unnecessary stage directions, nothing but the text. If you are looking for anything that explains character, language, theme, etc. don't look here, as Shakespeare never wrote any of that. This is purely the text as-is. As a theatre professor, I would rather have my students work with a text like this rather than one littered with useless commentary and biased notations. If you don't understand a term or reference, use the *Oxford English Dictionary* rather than the limp and limited notes available in many editions.

- Enter one very unlikely hero who is trying to call national attention to the scourge. Randy Grim was young, hip, but crippled by panic attacks and phobias (of public places, parties, elevators, driving). After rescuing his first street dog, Bonnie, he couldn't look away. "How can I?" he asks. "Each one says, 'Don't leave me here.'" And so the man who must pop Xanax to walk through an airport refuses to leave a starving, terror-stricken German Shepherd on a dark, icy and stormy East St. Louis street, even when an threatening tenement resident has him on the business end of a gun. Journalist Melinda Roth puts a human, and animal, face on an ignored tragedy playing out in our cities. She gives us beautifully wrought, but too few, scenes of redemption.
