REVIEW OF SOLUTION ENGINEERING HYDROLOGY K SUBRAMANYA

- The cold war sucked, you then got this. Thanks for nothing all those electing senile bad actors to be in charge of scary nuclear arsenals. Horrifying and poignant tale of the effects of a nuclear exchange, done this way so children would understand to. A pointed anti-war message aimed at the idiot politicians of the time.
- Sandra Boynton's books are always a lot of fun to read. The kids

love the pictures and the stories told. Great
for all ages.
