REVIEW OF HISTORY ALIVE TEXTBOOK 6TH GRADE CHAPTER 30

- More chilling now than when I first read it over 25 years ago. Not necessarily because of increased understanding but because of increased intrusion by the state. I am nagged by the realization that had Orwell lived longer, his work would have been closer to current events than fiction.
- Wow. This book was very disturbing

and depressing. It is also a literary masterpiece that deserves its status as a classic. Orwell's vision of a future totalitarian state sent shivers up my spine. Imagine a society where every ounce of individuality has been eradicated. There is no room for love of anything or anyone except "Big Brother" and "The Party." There are "telescreens" everywhere that monitor your actions and pick up the slightest deviation from "orthodoxy." Vocabulary is constantly being diminished in order to eliminate

excess thinking. A suspicious facial expression is sufficient to have the thought police kicking down your door and dragging you away in the middle of the night. This is the frightening future world that George Orwell foresaw in the future of western civilization. Although the book is a work of fiction, many proclaim Orwell as a prophet. They argue that we are indeed heading toward this type of society. Whether this is true or not is debatable, but one thing is certain, '1984' is a true classic of western literature.
