REVIEW OF 00887408176 UUS74

• Jonas, the main character is an eleven-year-old boy. Jonas lives in a very unique town, that is black and white. There are also very strange and very strict rules. For example, pilots are not allowed

to fly over the town. The punishment for an act as such resorts to being released. As you later find out in the book being released is being injected with a shot that kills you. Only some people know about this, because if everyone found out people would be sad and that is not allowed in this perfect community. Some more strange rules are, every family is only allowed to have one boy and one girl child. If there are any more kids, or if there are twins, they are released. In December each & every kid is "promoted" to the next age group, no matter when they were born. There is a Committee of Elders, they choose the career for the eleven year olds, who when they turn 12 receive this job. The Committee of Elders choose this by watching the 11 year olds as they do their mandatory volunteer hours. Jonas is chosen a very special job, he is chosen the "Receiver of Memory" which is only chosen every ten years. He is warned he will experience real pain, although he will have the skill of "Capacity to See Beyond". Being a "giver" gives privileges such as you can ask a question and demand an answer you can also do things other members of the community are not allowed to do. On the down side you can't tell your dreams, feelings, or anything else you experience or you will be released. Although Jonas shares his memories with a baby Gabriel, who is staying with their family, thankfully he is never caught. Unfortunately Gabriel is supposed to be released, and Jonas doesn't want this to happen, so he runs away with Gabe. And has the giver tell everyone he was "lost in the river". They hold a ceremony on loss, and never know the truth. Jonas ends up in happy town with love, grandparents, and no releases.

• I first read this book several years ago and have been rereading it ever since. Only recently did I learn that it was, at one point, banned because of "explicit sexual content." I had to laugh at this because the only thing sexual that happened in the story was something very natural to a young person's development. (Please remember that the protagonist is an adolescent.) It was also crucial to the story as it showed how the community attempted to stifle sexual and romantic feelings (this includes love) in its members. I have to admit that there are parts of the book that are too heavy for younger readers. Aside from the above-mentioned situation, there is euthanasia and infanticide. Yet these things are necessary for the reader to really understand what the characters' lives are like. They are a community without feelings, without history, without the ability to cope with anything that is out of the ordinary. Only two people in the story, a young boy named Jonas and an old man known as the Giver, have feelings, emotions and true awareness. Only they can see colors and hear music and experience joy, anger, sadness and other feelings. In the end, Jonas is smart enough to use all the knowledge and information that he has received to do some good. Instead of letting the community continue to hide, he and the Giver carry out a plan that saves everyone. (At least, that is what the plan was supposed to do. The story ends without clearing up what happened to the community.) The book teaches the necessity of sharing emotions--be they happy ones or sad ones. It teaches the importance of history and the richness of variety. Its ultimate moral lesson is that people cannot hide from the darker aspects of life, because in doing so they hide from all of life and ultimately from love as well. Then the darker aspects (euthanasia and infanticide, among other things) win anyway. We can't kill them by hiding from them: we have to take them head-on.
