LAST THOUGHTS

On the whole, our team believe that The Great Terror A Reassessment is worth a read, in spite of some small imperfections. The special storytelling style, relatable characters, and story spins make it a beneficial enhancement to your bookshelf. So, if you're searching for a fascinating read, The Great Terror A Reassessment is absolutely worth thinking about.

REVIEW OF THE GREAT TERROR A REASSESSMENT

- The Giver is a different variety of dystopian fiction, not action packed and full of violence like much of the current crop. Instead, it's a thoughtful, beautifully written story , almost lyrical.It begins with Jonas and his anticipation of the annual December ceremony, where every birthday for the year is celebrated, another way of assuring "sameness". But this year is special. As a Twelve, this is the year when, after a childhood of evaluation, he will be assigned his role in life by the community elders.The community is not evil or power mad or abusive of its people. Instead, it provides for all of their needs. Everyone is polite

and respectful of each other. But something is missing. We follow Jonas as he gradually discovers the flaws in his world and, along with his mentor, The Giver, realizes the need for change. There'll be a tendency to label this YA only or even middle grade, because the main character is twelve. But I think this is a book for all ages. The story is at times touching, tragic, and melancholy, but always told with an understated simplicity that makes what's happening even more moving. The Giver is an emerging classic. I'm surprised I've missed it until now. For lovers of this genre. It won't be the wild ride of The Hunger Games, but it will stay with your long after you're done.

- This book was awesome. To be completely honest i dont enjoy reading that much. But this book grabbed my attention i read a few pages and it didnt bore me. The book was very good and i didnt want to put it down. Its like a cliffhanger the whole way and the ending will amaze you. I really did enjoy this book and i read it when i was in 6th gr. and i completely understood it and everything. It was very exciting thats all i can say and for the many other people out there that dont like to read that much just read this book you wont want to quit. And the cover may not look exciting but the book is and once u read the book it all fits in and you will find yourself always thinking you figured it out but then it changes it suspense all the way i loved it
