REVIEW OF KISS OF DEATH MODERN EROTIC CLASSICS VALENTINA CILESCU EBOOK

- We read this book for school and, well, the beginning sounds boring but it is awesome!! The ending is great! On a scale of 1-5 with 5 the best-I'd give it a 10! It's worth it to read!
- I really think this book was great because it made me think that maybe very far away that there might just be a utopia somewhere. When I was reading

the book I could see pictures in my head that what Jonas might look like or what father and mother might of looked like to. The author really explains things like what emotions are felt and even the objects that are held he explains them to the fullest. Like I said that it made me think a lot about life without any memories of love hate or even felling of family to me I think that would be really hard to live without. What I really would hate is not picking what kind of job you would have also not having feelings for other people. I really liked the ending but lucky for you your just going to read it yourself. Oh and one more thing have fun.
