Bear in mind, reviewing reviews can help you make informed choices about what to check out following and can expose you to new writers and styles you could not have actually considered before.

REVIEW OF PMBOK ITALIANO 5 EDIZIONE

- A good friend of mine has long been a fan of the work of the Bronte sisters and encouraged me to read this. I was surprised at what a touching story it was! If you love the sensation of falling in love all over again, look no further than this novel. I could read it over and over again and never be tired of it! The strong-willed Jane Eyre is a role model for any woman. When hunting for good reading, this is classical literature at its best. Read it, you won't be able to put it down.

- Even though feminist criticism is very important to this work, I think it is really stupid that so many people stick it into that peg and never think about it again. Jane's journey is also highly spiritual, and it makes me mad that people miss this. This book shows a wide range of human experience. I do not think that Jane has to prove anything simply because she is "plain". I also don't think that Charlotte Bronte had anything to prove. She was a woman who earned her merit as a writer because she was good at it. I wish that I could write like this.
