REVIEW OF OVERCOMING TRANSCENDENC E CHARLES TAYLOR AND NIHILISM

- This was just what I needed for my class! Great price and arrived in the condition it said it was in.
- This is a very interesting story. YES YES it is not new. In fact I recognize all the elements that were taken from the classic works of Fantasy. Just like Eragon, Paolini is just a fledging, a

teenager who is thrown into the perilous adventure of writing only to confront the evil critics into a long epic battle of good vs. evil. I admire him because he had the courage to give to the world this book at such a tender age. Also, like Eragon, he is not a master yet. There is a lot he needs to learn. He is still sloppy with his penmanship(sword) and his magic use of language. Give him time and he will prove to be a great writer and one to contend with. All in all I thought the story was quite entertaining, since I read it for the purpose of having a good time and not to rip it apart into pieces. Great things should be expected from these two young heroes!
