REVIEW OF PSYCHOLOGY ROBERT A BARON

- This is a great book for living life. An easy read that is simple to apply to your own life.
- Winter has researched an enormous amount of material on Capablanca, and documented his sources thoroughly. He has a commendable distaste for unsubstantiated anecdotes. It includes both significant biographical material as well as many fine games not usually found in the main game collections

(which are highly recommended by the way), and often with Capa's own notes. Winter has also unearthed some very interesting game annotations by Capa, including the Lasker-Schlechter match, a famous Spielmann loss to Tarrasch, a Janowski brilliancy, etc. There are also fascinating reports by Capa on tournaments such as his greatest victory, New York 1927, and the Chess Olympiad in Buenos Aires, 1939, where Capa made the best score on top board. The chapters on his World Championship negotiations and matches with both Lasker and Alekhine make fascinating reading. There also clear B&W photos of Capa at all stages of

life.
